Toronto, ON, Canada | +1-416-839-7427 | amp70468@gmail.com | linkedin.com/in/aatish-patel138 | github.com/aatish70468

PROFESSIONAL SUMMARY

Technology professional with postgraduate training in Data Analytics and Mobile Application Development, plus a bachelor's in computer engineering. Experienced across software development, machine learning, database management, and data visualization, with hands-on delivery of data-driven and mobile solutions. Proficient in Python, SQL, React Native, Kotlin, Swift, and Power BI, with a strong record of turning technical analysis into actionable, business-relevant insights.

TECHNICAL SKILLS

Languages & Frameworks: Python, Kotlin, Swift, JavaScript, HTML/CSS, React Native

Data & Analytics: SQL, Pandas, Jupyter Notebook, Power BI, Databricks, Data Visualization, Machine Learning

Tools & Platforms: MongoDB, Firebase, Git & GitHub

KEY PROJECTS

Human Vital Sign — Health-Risk Classification

Jan 2026 – Apr 2026

- Processed and analyzed 25,000+ healthcare records using Python, Pandas, and SQL.
- Built and compared Decision Tree, Logistic Regression, and KNN models for health-risk classification.
- Improved model performance through data cleaning, feature engineering, and cross-validation.
- Delivered visualizations and actionable insights to support proactive healthcare monitoring.

MediCare Application — Final-Year Capstone Project

Aug 2019 – Feb 2020

- Built a mobile app to digitize hospital record-keeping and reduce paperwork, using Kotlin, Node.js, and Firebase (database and authentication).
- Stored patients' medical history, lab results, medications, current treatment, and upcoming appointments to support faster, better-informed consultations.

HawFarm Application

Jun 2019 – Nov 2019

- Developed an Android (Java) marketplace app enabling farmers to sell produce directly to customers, removing third-party intermediaries; used Node.js and Firebase for the backend.

EDUCATION

Post-Graduate Certificate, Data Analytics

Sep 2025 – Apr 2026

Humber Polytechnic, Etobicoke, ON, Canada

Post-Graduate Certificate, Mobile Application Development & Strategy

2024

George Brown College, Toronto, ON, Canada

Bachelor of Engineering, Computer Engineering — CGPA: 8.42

Aug 2016 – Aug 2020

Gujarat Technological University, Ahmedabad, Gujarat, India

LEADERSHIP & VOLUNTEER EXPERIENCE

Event Coordinator, SPEC-TERA-2019 (College Tech Fest)

2019

- Designed programming-knowledge challenge rounds for the tech fest at Sardar Patel College of Engineering, Anand, Gujarat, India.
